

Turun KY's Privacy Statement

This is the privacy and data protection statement of Turun KY, in accordance with the EU General Data Protection Regulation (GDPR).

This privacy notice supplements [the privacy policy](#) of Suomen Ekonomit, which also covers Turun KY's activities. Suomen Ekonomit maintains the member register on behalf of its member organizations and processes personal data included in the member register.

1. Data Controller

The Association of Economics Students in Turku
Rehtorinpellonkatu 3, 20500 Turku info@tuky.fi

2. Registry Contact Person

Executive Director of Turun KY, toiminnanjohtaja@tuky.fi.

The Executive Director also serves as the Data Protection Officer for the association.

3. Names of Registers

The personal data processed by the association are maintained in the following registers:

- Member register managed by Suomen Ekonomit
- Registry of current and former officials of Turun KY
- Registry of individuals who have received recognition from Turun KY
- Registry of Turun KY alumni
- Registry of locker holders at Turun KY
- Registry of parking permit holders at Parkinkatu 6
- Contact information registry of persons responsible for association activities
- Turun KY mailing lists
- Event participant and purchase information registries managed by Treanglo Oy
- Photo gallery managed by Flickr, Inc.
- Access pass registry for Parkinkatu 6, managed by Bitwards Oy

4. Purpose and Legal Basis of Data Processing

The association verifies its members' information from the member register via a technical connection, which is agreed upon separately with Suomen Ekonomit. Data is processed to verify membership and, if necessary, for communication purposes.

We collect and process only personal data necessary for conducting our activities and maintaining the member relationship.

The association uses personal data in the registers mentioned in section 3 solely for communication, documenting association activities, and marketing the association's or partners' activities.

Data is processed to manage memberships, fulfill the association's statutory obligations, provide member services, organize and develop activities, coordinate volunteer activities, monitor premises, communicate with members, and document activities. Processing is based on the need to fulfill Turun KY's statutory obligations, maintain the association-member relationship, and the association's legitimate interest in providing activities for its members and advancing the association's purpose in accordance with the decisions of the general meeting.

Data is also processed for maintaining email lists, general communication about the association and events, and organizing events. For these purposes, data is processed based on Turun KY's legitimate interest to allow the association and event organizers to communicate their activities and events to the target audience, as well as the necessity of fulfilling agreements arising from event registrations.

5. Content of Registers

The association processes the following data via the member register maintained by Suomen Ekonomit: name, address, date of birth, student number, phone number, email address, and date of joining. The association does not store this data but only processes it. The data is processed by the association's executive director or chairperson.

Through other registers mentioned in section 3, the association processes the following data: name, phone number, email address, year of study, purchase information, and license plate number. The data is processed by board members, the executive director, or the honorary council. Event data is also handled by the responsible event coordinators.

6. Regulatory Sources of Data

The personal data stored in the registers originates from the individuals themselves. A Turun KY member is added to Suomen Ekonomit's member register once their contact information has been received, and they have paid the membership fee. Data is recorded in the registers maintained by Treanglo Oy when the individual completes an event registration form. Data is recorded in the registers maintained by Bitwards Oy when the individual creates a user account in the service. Each member can join Turun KY's email lists independently using their UTU email address. Individuals who have received honors from the association and those who have held official positions in the association are added to the registers with their consent.

7. Regularly Data Disclosers

Data may be published to the extent agreed upon with the individuals concerned. Event data may be shared with our partners, such as parties involved in event production, including caterers and public speakers.

8. Principles of Data Protection

Data processing is conducted with care, and data processed in information systems is appropriately protected. When data is stored on internet servers, the physical and digital security of the equipment is properly managed. The data controller ensures that stored data, server access rights, and other information critical to the security of personal data are handled confidentially and only by persons authorized to do so.

9. Right of Access and Right to Request Data Removal

Each individual in the register has the right to inspect their stored data and request the correction of any incorrect data, the completion of incomplete data, or the deletion of their data. If a person wishes to inspect, correct, or delete their stored data, the request should be sent in writing to the data controller (toiminnanjohtaja@tuky.fi). The data controller may request verification of identity if necessary. The data controller will respond within the timeframe set by the EU's GDPR, generally within one month.

10. Other Rights Related to Personal Data Processing

Individuals in the register have the right to request the deletion of their personal data from the register. Similarly, registered individuals have other rights under [the EU General Data Protection Regulation](#), such as the right to restrict data processing in certain situations. Requests should be sent in writing to the data controller. The data controller may request the requester to verify their identity if necessary. The data controller will respond within the timeframe set by the EU's GDPR, generally within one month.

The contact person responsible for the association's registers cannot delete personal data from the member register maintained by Suomen Ekonomit, the user account register managed by Bitwards Oy, or the event participant registers managed by Treanglo Oy. Therefore, individuals must contact these entities directly if they wish to have their data removed. The contact person responsible for the association's registers can do this on behalf of the member if the member submits a written request. Individuals can unsubscribe from Turun KY's email lists independently via their UTU email address.

Data processed based on consent is retained until consent is withdrawn. Information about parking permit holders at Parkinkatu 6 is stored for a maximum of six months after the individual has ceased their duties.

11. Use of Photographic Material

Photographic material refers to images and video recordings taken by a photographer chosen by Turun KY or by a third party at Turun KY events.

By attending an event, the individual consents to the use of photographic material and has reviewed Turun KY's privacy notice. Photographic material is used in Turun KY's social media channels, website publications, and KYliste magazine for advertising and promoting activities. Photos are stored on the Flickr service (Flickr Inc.). Images are retained until consent for the use of photographic material is withdrawn.

If you do not wish to be photographed, please inform the event organizer and any potential photographer separately for each event.

If you wish to withdraw your consent for the use of photographic material, please inform the association's Data Protection Officer.
